

# Keys. Phone. Wallet. First Aid Kit?

Having a first aid kit in your car can be a lifesaver. It can also be a compliance requirement. By having a St John Vehicle Safety Kit stored in your car, you can be prepared for almost any roadside emergency or risk.

This kit includes equipment that will help you treat injuries including cuts, scratches, punctures, grazes and splinters, muscular sprains and strains, minor burns, amputations and/or major bleeding wounds, broken bones, eye injuries, and shock.
